About Us

About Us

Designo Portable Cabin Pvt. Ltd. was established in 1990 The Company manufactures the following products

- A) Portable Cabin
- B) Door Frame
- C) Flush Door

Designo Portable Cabin has been following the basic tenets of business right from its inception and the principles of integrity, Commitment, fairness and ethics have always been accorded the highest priority.

A state of the art manufacturing facility has been set up for the above purpose and ISO certification has also been obtained for the facility.

The location of our factory is ideal for the smooth movement of raw material and finished goods.

Designo Portable Cabin Pvt. Ltd. in a short period of their existence have carved a niche in the pre- fab industry.

Our range of Porta cabins are designed and manufactured as per the standards of ISO. Our Porta-cabins are structurally sturdy, stable, earthquake-proof, weather-proof, termite-proof, leak-proof and can be adopted for any weather conditions. Moreover these units can be moved or shifted easily with the help of cranes or trailers.

**The first name Quality,
the last word in Prefabricated Structures**

Designo Portable Cabin offer widest range of designs and sizes for ease of selection.

Our Mission

At Designo Portable Cabin Pvt. Ltd. we endeavour to design, develop and manufacture the Industry's most advanced prefab structure using modern technology and converting the same into value-added products for our customers through our professional services and solutions.

Quality controls at each & every step...
to give you only the best.

Company Values

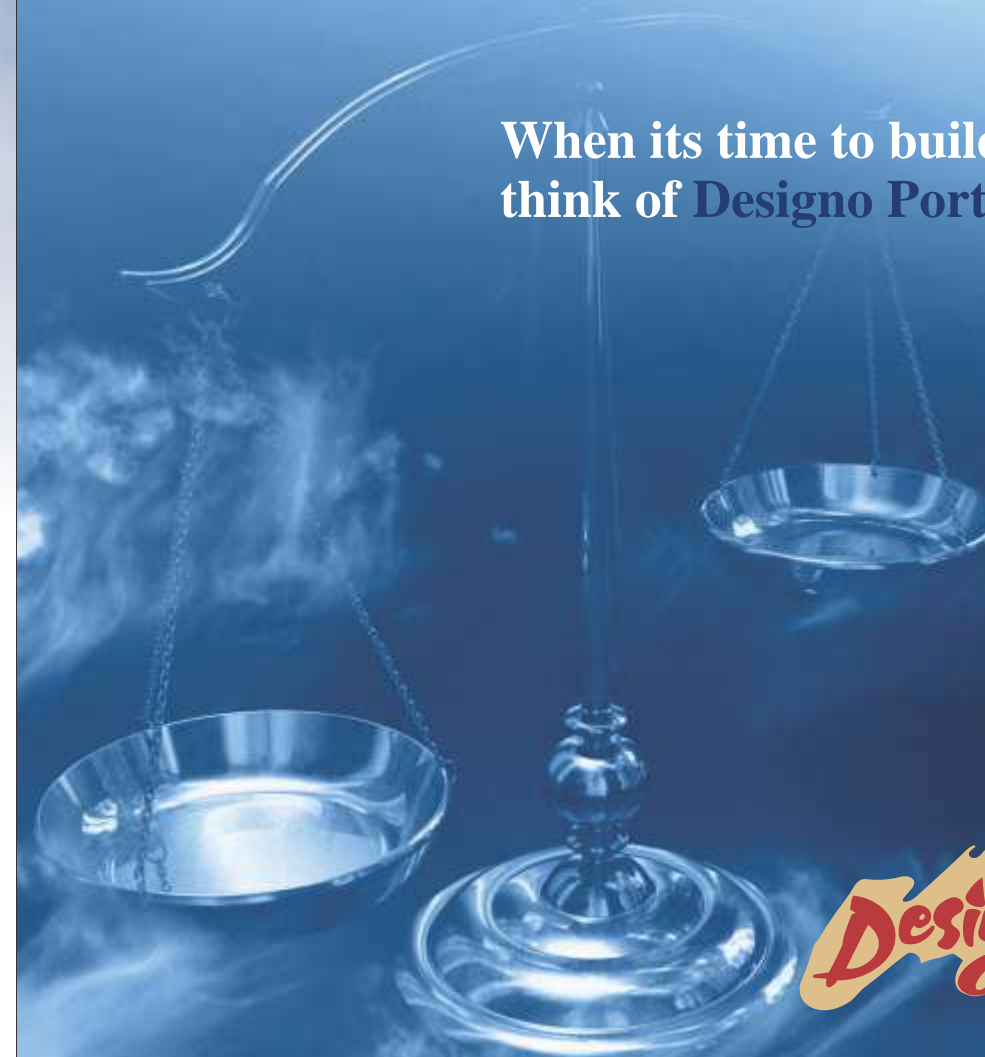

The Foundation of Designo Portable Cabin Pvt. Ltd. has been based on shared efforts and visions and thirst for improvement. These foundations can be summarised as a function of the following principles

- Integrity
- Commitment
- Team Work
- Innovation

Our Primary Goals

- To provide the best Office, storage, dwelling, and other solutions for varied applications.
- To provide the best infrastructure to our customers
- To develop a responsive and committed sales and service force
- To be receptive to new ideas.

**When its time to build
think of Designo Portable Cabin**

PORTABLE CABIN PVT. LTD.

ISO 9001 : 2008 Certified

Advanced engineering...
Excellent manufacturing...
Committed service...
That's the motto of Designo.

To achieve the above objective the company will

- Uphold all parameters to achieve quality
- Satisfy the customers' needs through innovation, process improvement and better study of end-use applications
- Encourage, Reward, and recognize our employees
- Be responsible environmentally and socially.

Advantages of Designo Portable Cabin
