We have finest and stylish doors to make your home more beautiful. We manufacture a range of top quality Designo Laminated Doors.

Laminated is a process of pasting a laminated sheet with hot press / cold press with phenol bonded resin. These beautiful doors are available in smooth and textured surfaces.

High quality laminated flush doors are therefore in great demand from discerning architects, builders.

Designo use superior quality mica sheet on both side.
We also provide laminate design option from
Green Lam, Boutique, Texas, Door Touch & Micro Touch

You can laminate choice from this site :
